Dear Friends,

Russell Stendal using night vision goggles

Thank you for your partnership with us at Galcom. Your gift of \$100.00 towards the Wyatt Support Fund and \$625.00 towards the McGuirl Support Fund is like a pat on the back and a “well done” for our team here. Thank you for being such a great encouragement to us!

The best way to keep up-to-date with what is going on at Galcom is to tune in weekly to our Mission Compass radio program. Visit our website for dates and times of when the broadcast airs or to listen to our program podcast archive. We recently produced some new spots promoting the program, and I was moved as I listened to some of the testimonies of the power of radio.

One testimony is from Dan Hatfield, our partner working on First Nations territories in Canada. He shares about a man who, after listening to one of the radio programs, walked four miles across a frozen lake to get to a neighbour’s house, just to use their phone to call the radio station. The presenters were able to lead him to faith right then, over the phone.

Another testimony comes from one of our partners in Tanzania, Roger Lonnquist, who shares about a couple who were invited to listen to the radio station because they liked music. They heard the message in the songs, then started listening to the teaching programs. Within a couple of months, they had accepted Christ and their lives were changed. Their family noticed the change in their lives and asked what happened. They shared their faith and led large numbers of their extended family to faith in Jesus.

... Continued

I pray I will never become complacent hearing these stories of God's power. Only the Gospel can change lives, which impacts families, and then communities, and eventually countries. Yes, even countries! We still rejoice at the influence Russell Stendal had in the nation of Colombia, as he distributed more than 100,000 radios tuned to his broadcasts, faithfully preaching the message of peace and forgiveness only a relationship with Christ can provide. Because of his faithfulness, he was requested to participate in the peace talks that ended over 50 years of civil war in Colombia.

Russell Stendal giving Galcom radios to soldiers

I mention this story because, as I write, war seems imminent in the Ukraine. There is still violence in Yemen and Syria. Even here in Canada, our normally peaceful population is fractured and there is a palpable divisiveness.

But God is still on the throne, and the Gospel is still the answer for all our world's problems, BIG or small.

Please continue to pray with us that we will be able to get the almost 20 orders of radios (about 14,000 devices) that were completed last year out to their destinations. Please pray that we will be able to resume short-term mission and radio-installation trips. The degree of difficulty in doing our tasks continues to grow. But we know, with your prayers and God's help, we will continue to change the world with the power of the Gospel.

With you in Christ's service,

Tim Whitehead
Executive Director

Thank you so much for your partnership with us. We have taken over the radio station installation projects around the world. He is learning a lot as he is getting going. God Bless you pilots, Shelley & Al

Year-to-date total for all gifts: \$3,875.01

Please note that you will receive your official receipt for income tax purposes early in the new year.

Each morning, Galcom staff and volunteers meet together for a time of prayer. Please share your needs and praises with us and we will be honoured to bring your request to our Heavenly Father.

Please pray for:
