

**Please pray for
the radio station and
studio installation in
Vicente Guerrero, Mexico
June 15 - 22, 2022**

**Team Members:
Laszlo Barany,
Bob Gaines,
Don Middleton, and
Alastair Wyatt**

GALCOM
INTERNATIONAL - CANADA

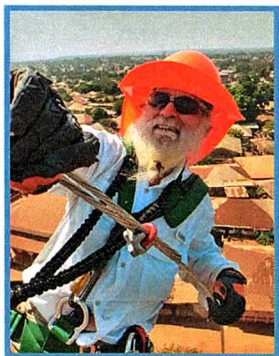

Following is how you can pray daily for the team:

Wednesday, June 15 Pray for Alastair Wyatt and Don Middleton as they fly from Toronto, ON and Vancouver, BC to Ontario, California. Don has worked on many installations in many countries for Galcom. Many people around the world have benefited from Don's expertise. He uses his skills to bring glory to God and so that the nations might be glad. Bob Gaines will pick them up at the airport and they will return to Bob's place in Barstow to test all of the equipment. Pray that this goes well. The team will be installing a station for Pastor Octavio in Vicente Guerrero, Mexico. It will have a 1,000-watt transmitter and two dominator antennas and will cover a 40-km radius.

Don in his studio

Thursday, June 16 Bob, Don, and Alastair will drive to meet Laszlo Barany and then all four will continue to Mexico. Please pray for things to go smoothly as they cross the border with the station equipment. Once they are across, they will be driving to Vicente Guerrero, MX. It is about 15 km north of San Quintin. Pray they can rest well after their drive and be ready to begin the project tomorrow. Bob has gone on many Galcom trips and has climbed many towers. We value his skills as a climber and know that he will competently do the work that is needed to be done. Pray for the team to stay healthy.

Bob in Guinea Bissau

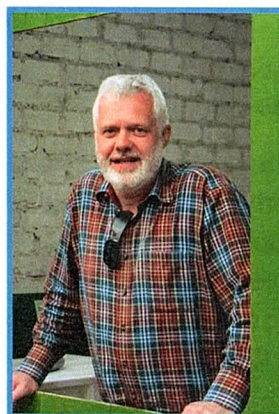

Friday, June 17 Today is the beginning of the installation. There have been many months of preparation that have gone into this project. Pray for the team as they mount the antennas on the tower today. They will also be preparing a room beside the tower to house the transmitter. They plan to use the same format with

the two dominator antennas as Galcom did in Belize. It had very good results there and the signal reached a long way. Pray for safety and wisdom in the work. Pray for Laszlo, who is 78 years old and a retired engineer. He is married and has 6 grown children. He has volunteered for Galcom for the last 12 years. He has done a lot of propagation studies for the ministry and has used his skill to help with many installations. A propagation study shows the area that will be covered by the radio signal. The type of antenna, the height of the tower, and the size of the transmitter are all based on this study. This is the first time he is going on an installation trip. Pray for the team to be able to complete the work and stay safe.

Laszlo

Saturday, June 18 Pray for the team as they set up the studio today. The studio will be located one km from the tower. They will be setting up a Wi-Fi link between the tower and the studio. This is an area where Don has had experience, and so we are grateful that he is willing to come along and give guidance on this. Pray for Alastair Wyatt from Galcom. He speaks Spanish and will be able to interpret for the team. He also has a lot of technical skills. Pray for him as he climbs the tower to be kept safe. Pray for good weather and for good interactions with the Mexican people.

Al in Peru

Sunday, June 19 Pray for the team as they go to church today with Pastor Octavio. He is the man pictured on the front of this prayer calendar. For many years he has had a radio station and has stored his transmitter and equipment in an old fridge. It is time for an upgrade! God bless his humble heart and his

The current studio in an old refrigerator

perseverance in ministry. Pray that the team will be blessed by going to church, and that the church will be blessed by them attending.

Monday, June 20 Pray for the team as they finish up the work today. It is Octavio's birthday today. He feels that this station is a great birthday present and is very grateful. Pray that they can finish any loose ends and be able to test all the equipment to be sure it works well before they leave. Pray for each man's family at home as they are gone. Ask God to protect all their family members during this time they are away.

Tuesday, June 21 Pray for the team as they drive back to the US today, and for good good-byes to the people they have met. Pray for safety on their drive back and for no problems crossing back into the US. Pray for the people who will hear the station, that God will touch them with His Word and lives will be changed. Al and Don will go back to Barstow and stay there until they leave the next day. Laszlo will head back home this day, since he lives in CA.

Wednesday, June 22 Pray for Don and Al as they return to Canada today. Pray for safe flights and for an opportunity to share about Christ with someone on the plane or in the airport. They will fly from Ontario to San Francisco, CA, and then take separate flights back to Vancouver, BC and Toronto, ON. Pray for things to go smoothly with customs as they enter back into Canada.

To God be the glory!
