Dear Friends,

New Life Prison Ministry

Merry Christmas and Happy New Year! Thank you for partnering with us in sharing the good news of Christ's advent through this special gift of \$725.00 towards the Wyatt Support Fund here at Galcom.

My kids are older and at an age where they are "going in together" on gifts for my wife and me. They want to get us something meaningful but are not in a position to do that individually, so they pool their funds and their ideas to show their love to us. I feel like we are "going in together" on gifts of radios to people around the world so they can hear about Jesus Christ. This is our expression of love, both to God and to the lost.

It's also an expression of love to the missionaries we are supporting, by sending these radios to them to distribute so they can expand their reach and multiply their impact. Missionaries like these:

Nadia Zerversenuek, Director of New Life Prison Ministries, who recently received 1,000 special-model audio Bibles from Galcom to distribute in Canada's jails. During COVID, when chaplains could not enter prisons to do ministry, their list of correspondence students tripled. Inmates needed hope and human connection. The audio Bibles let them connect with more people at a time. Kyle writes, "I wish I knew God before I went to jail—I have learned so much about Him...knowing that someone cares for me and is praying for me has changed everything!"
