Dear Friends,

Mosoj Chaski Advertisement

Thank you for your partnership in the Great Commission. Your gifts of \$100.00 towards the Wyatt Support Fund and \$625.00 towards the McGuirl Support Fund are a blessing to us at Galcom, to our partners overseas, and to the person who will hear the Gospel through radio in their mother tongue. It is amazing, the reach we can have through radio! Even more powerful is the reach we have through prayer.

If you receive our quarterly prayer calendar and newsletter, you will have read that our Founder Allan McGuirl is retiring at the end of April after 50 years of vocational ministry. There is a lot that can be said about Allan, but I think the most fitting is to say he is a man of prayer. He instituted a daily prayer time at the beginning of each work day. I've never had a phone call with him without it ending in prayer, and we've never discussed a problem at the Galcom office without Allan asking, "Have you prayed about it?"

One little story about the power of prayer from our history: Allan was coming home from a conference in Europe and had some extra expenses he was not prepared for. So, he prayed. Later, while walking up the jet bridge from the airplane, he saw a US\$100 bill lying on the floor. He took it to the information desk to ask if anyone reported losing some money, and the employee remarked, "Finders keepers!" It

was enough to cover his last night in a guest house and get him home safely. I love this story because it was such an urgent need, but also such a small issue. It highlights for me that God is watching over the smallest need and detail of our life.

We want to pray for you; please use the tear-off portion below to send in your prayer request to us. We still

meet every morning as a staff to pray for each other and our ministry partners, like you. Each day, we use the joshuaproject.net prayer guide to pray for an unreached people group. There is no need too small (we've prayed for people's pets) or too big (the salvation of whole people groups in closed countries) to pray about.

We have some prayer requests too; would you take a moment and pray for the following needs?

- With continued violence in Haiti, we have been unable to send a team to erect a new radio tower for 4VEH. Please pray for peace.
- FEBC broadcasters have remained in the Ukraine to preach peace and provide humanitarian aid; please pray for their safety.
- Radio Mosoj Chaski in Bolivia is celebrating their 23rd year on the air this month, and is also going through a change in ownership of their license from SIM to the new, independent Mosoj Chaski Ministry. Pray for God's favour.
- Pray for our production department, as we make the transition from our current ImpaX model of radio/audio Bible to the new Compass player. We continue to struggle with securing the electronic components.

Yes, we are a radio ministry, but we want to be known as the ministry that prays. Please make sure to pray along with us every day by using our quarterly prayer calendar. If you don't get the mailing, make sure to follow along on any of our social media accounts, where we post our prayer request daily.

With you in Christ's service,
