

June 22, 2022

Dear Friends,

OmniStations for Ukraine leaving our warehouse.

Thank you for being a part of the Galcom team! Your gift of \$1,000.00 towards Ukraine Go-Tell & ImpaX Radios provides both the material and spiritual encouragement we need.

Speaking of spiritual encouragement, I want to emphasize our need for you to pray daily for the Galcom ministry. If you do not receive the quarterly prayer calendar by mail or email, make sure to visit our social-media pages (Facebook, Twitter, or Instagram) daily and pray along. Another benefit of following our digital feeds is to keep up-to-date on what God is doing through your involvement in Galcom.

For example, at the request of FEBC, we shipped two OmniStations to their workers in Poland to be carried in to Ukraine. However, they have been held in customs for several weeks now. We could not mail out that request to all our partners, but we desperately need prayer for this.

Another timely report is a praise from our affiliate in Belize, Clive Welsh of Lighthouse Christian Radio. After being off the air for over a year because of corrosion on his tower, our team has him back on the air in a new location, and reaching further than he ever has before with thousands more able to hear the Gospel message.

If you keep up with our social-media page, you would have seen the promotions for our Mission Compass radio program featuring Marv Newell, Director of the Alliance for the Unreached. Galcom is a Champion Member of this network of like-minded ministries. June 6<sup>th</sup> is the International Day of the Unreached. You can listen to the whole

interview on our website by clicking the Mission Compass logo. But the highlights are this: we need to raise awareness of the nearly 7,500 people groups (almost 3.3 billion people) who have no access to the Gospel. We collectively need to be praying for them, and then engaging our churches to pray and reach out.

Galcom has three "Legacy" projects in honour of our founders, focused on reaching the unreached in different parts of the world.

First is the Ken Crowell Legacy Project, reaching an Islamic group in Ghana that, for security reasons, we call the Leemah. Galcom USA has funded a New Testament translation and recording, and supports a covert outreach to the group.

The second is the Harold Kent Legacy Project, reaching the Banjara of India. There are more than 7-million Banjara, with less than 1% Christian. The goal is to distribute audio Bibles to this low-caste, mostly non-literate people group.

Finally, there is the Allan McGuirl *LIVING* Legacy Project, reaching the Quebecois. Work has started on the government application for repeater stations. Pray for quick approval so that we can exponentially increase the number of people in the reach of the Gospel broadcasts.

Thank you for your partnership and prayers. Please make sure to keep in touch.

With you in Christ's service,

Tim Whitehead  
Executive Director

*Thank you very much  
for this special gift  
towards the work in  
the Ukraine*

Year-to-date total for all gifts: \$6,325.01

Please note that you will receive your official receipt for income tax purposes early in the new year.

A third of us do not have access to the Gospel.

Each morning, Galcom staff and volunteers meet together for a time of prayer. Please share your needs and praises with us and we will be honoured to bring your request to our Heavenly Father.

Please pray for:
