The Day of the LORD

“In the overall plan of God, however, matters will come to a head at a time known as “the day of the Lord,” or simply as “that day,” or “in the latter days.” This “day” is never conceived of as a twenty-four-hour period, but a period of time associated with the second advent of our Lord as he brings the first phase of history to a conclusion, prior to his thousand-year rule on the earth.”

Walter Kaiser
